CHURCH PETITION.

Council Criticised for Ignoring Church People.

An Open Letter On City Affairs And The Eleven O'clock Closing Law.

I suppose it will not be accounted treason, at least by the masses of the citizens of Hopkinsville, to inquire what action the city council, the guardians of the people's interest, has taken upon the petition presented by Mr. James West some time ago from the congregations of the various churches in the city. It has been said that after the petition was read, a member of the council asked Mr. West if the petition was concurred in by all of the city churches, and without further notice the matter was passed over, after the council had been assured by the gentleman presenting the petition, that the pastor of the only church not joining in it assured him of his full sympathy with the 11 o'clock closing ordinance. Certainly a great many good people are interested in this petition, and are in earnest about pressing the matter, and it seems incredible that the "guardians of the people" would disregard their obligations to those whom they are supposed to represent, unless indeed they are under obligations to another class preceding these they were supposed to assume at the time the people elected them to office.

Most people have been taught to believe that the organization of society into cities, counties, &c., is to promote the well being of people—to promote right and punish wrong; and it would hardly seem necessary to require an oath upon entering office to secure this sole object; and yet, on account of the weakness of human nature, I suppose—to give a man all the inspiration that comes from a solemn oath, and help him by solemn warning to crush any temptation from within or without that can draw him away from this single and plain road, our wise ancestors added this to the obligation practically acknowledged when one agrees to accept a place of trust as the agent of the people.

To add an additional safeguard both to the people and officials would it not be wise to publish the proceedings in full of every council meeting in some or all of our city papers? It might help to stiffen the backbone of some weak brother when he felt a giving away under the strain that might be beating against his uprightness and loyalty; and then besides it would keep the people informed fully as to the work done and planned for future by its servants. I have no doubt the papers would all gladly welcome these offerings from the news field, and then the city could be spared the expense, if this feature should thus be thought worthy of consideration.

Is a serious question of doubt with many of us in these days whether servants and masters have not changed positions—whether officials are still the servants of the people, or whether the people are the servants.

We might have these doubts set at rest—at least for Hopkinsville—should our honorable council listen to the voice of the people and acknowledge themselves still the servants and not the master. If they are not the servants of the people, then we would like to ask those servants they are? They can answer in the next meeting; and we trust they will prove loyal to the people.

SENSATIONAL

Are Some of the Features Promised in Suits.

Escaped in Bowling Green College Results in Litigation and Big Damages Asked.

A dispatch from Harrodsburg, Ky., to the New York Herald says: "A midnight escape from exclusive Potter College a year or so ago of four girls of leading Kentucky families for a rabbit supper, with as many young men, has a strange sequel. The four girls were expelled. The four young men who provided a ladder for their escape were indicted, but pardoned in advance of trial to prevent exposure of the girls."

"Now Potter College, through its President, B. F. Cabell, asks Messrs. Short and Haynes, of this city, on account for the tuition of their daughters, Misses Ruth Haynes and Florence Cottrell. To this account Messrs. Short and Haynes have filed an answer and counter claim asking damages against the Potter College in the sum of \$50,000 for the failure of the college authorities to protect the moral character of the girls."

In the answer of Mr. Haynes he says:

"Plaintiff violated his contract and failed to exercise parental care over her, failed to instruct her morally, and failed to protect her good name and character, but permitted her to commit indiscretions and thereby injure the good name and reputation. Plaintiff having full knowledge that a number of the girl pupils, including defendant's daughter, intended stealthily to go out of the plaintiff's building on a certain night to be in company of some young men, and having been warned that such was the intention, plaintiff failed to prevent the same or to advise his daughter not to do so, but by its officers it laid in wait for his daughter and said other pupils and permitted them to leave the building, and after the same had been so permitted, plaintiff rushed out upon them and used fire arms, shooting some, terrorizing said girls and his daughter."

LIVE STOCK PERISH.

String of Mules Cremated and Much Tobacco Destroyed.

In a fire on the farm of W. A. Fort, five miles from Guthrie, last Thursday, 32 mules were cremated and about 8,000 pounds of tobacco burned. The loss is \$4,000; no insurance.

Mr. Fort was contemplating shipping the mules to Southern markets, and the animals were temporarily quartered in a tobacco shed, when the building caught fire.

Nearly Five Hundred Cases For Spring Term.

Six Weeks' Session of Circuit Court Begins Next Monday—Many Divorce Petitions.

Last Friday was the last day for filing suits for the spring term of Christian Circuit Court, which convenes here next Monday for a six weeks' session. The cases are divided as follows: New appearances, (common law) 66; new appearances, (equity) 44; continued common law cases, 173; common law cases, 143. This makes a total of 477 cases set for trial during the term. About 25 per cent. of the appearances are divorce petitions, there being twenty-eight of these new suits on the docket.

The Keuben Haynes murder case is set for the third day of the term and the case of the Commonwealth against Jake Williams, charged with a similar offense, is set for Thursday, Feb. 27. There are twelve prisoners in jail awaiting trial.

\$15,000 FIRE AT PADUCAH.

Property in the Business Section of the City Destroyed.

Paducah, Ky., Feb. 14.—There was a disastrous fire in the business portion of the city this morning at an early hour. The building occupied by the Ohio Valley Produce Company, a residence, two fine stables and the kitchen of the New Richmond Hotel, on First street, near Broadway, with a large amount of furniture and eleven mules and horses, were burned.

The total loss will amount to \$15,000 or more, with partial insurance.

The origin of the fire is unknown.

Pentecost Meeting Last Friday Came to an End.

Fourteen Additions to the Churches Last Sunday Morning and Evening.

The Tabernacle was filled last Friday night. It was a disappointed crowd as it expected to hear a sermon from Doctor Pentecost. The Doctor invited the pastors of the different churches to consume five minutes each and let the people know what effect they thought the meetings had had on the community. They all spoke, and after they had gotten through a collection was taken up for the purpose of raising the debt of \$2,000 which has hung over the tabernacle for several years. About \$160 was raised. So much time was taken up that Doctor Pentecost concluded not to deliver a sermon.

There were no services at the First Presbyterian church Sunday morning and evening, owing to the illness of the minister.

Two in the morning and one in the evening were received into membership in the Christian church.

The Baptist church received eight members in the morning, seven by baptism and one by letter. Two were received at the Methodist church.

Doctor Pentecost commenced a four weeks meeting at Warren Memorial Presbyterian church at Louisville last Sunday morning.

Prof. Excell did not go to Louisville to lead in the singing at Louisville, as was at first contemplated, but returned to Chicago via St. Louis.

Everybody thinks that great and lasting good was accomplished by the Pentecost meetings, though the visible results were not what were hoped for.

TRUSTEES WON.

The case of J. W. Yancey and others against the Board of Trustees of the town of Fairview, which has been in the Court of Appeals for the last two years, was decided last Wednesday in favor of the Board of Trustees.

This suit grew out of the board attempting to enlarge the limits of the town which was only 165 feet wide on each side of the street and a half mile in length. The decision in favor of the trustees means better streets and side walks and no whisky.—Fairview Review.

Mrs. Ada Layne is now in New York City, where she will buy her spring stock of millinery goods. She will be absent about three weeks.

DEVICE

Which Is Intended To Prevent Collisions.

New Headlight, Which Illuminates the Track for a Mile, Indorsed By Chicago Railway Officials.

A practical demonstration of the utility of a new departure which, it is claimed by railway officials, will effectively prove the solution in a large degree of the railway collision problem, was made last night on the Chicago, Milwaukee and St. Paul road near Chicago. The device consists of an exceedingly powerful headlight, which not only perfectly illuminates the track with an intensely brilliant shaft of light, for a distance of a mile, but also embraces the striking and novel feature of a beam of light almost equal in brilliancy penetrating over seven hundred feet above, which can be clearly seen ten miles distant. It is thereby possible for approaching trains to absolutely locate each other by this vertical shaft of light, though miles apart, and it is this feature which railroad officials claim will eliminate the possibility of collision. This vertical beam will, in hilly country, especially where curves in the track are numerous, so positively fix the location of trains that nothing but carelessness of the engineer will permit a collision. The apparatus consists of a powerful electric arc headlight, a dynamo and steam motor, all of which occupy the space on the locomotive usually devoted to the headlight.

While winter millinery is still a pressing theme and little diminution is to be noted in the output of headgear for cold weather, the attention of the manufacturers is already focused upon the models for spring and early summer. The February *Delicé* now presents a number of original effects in straw that will hold high place among the best products of the year. Many styles and shapes are illustrated, and some are presented in colors. Mile. Mirabella, a prominent milliner of New York and Paris presents the first of a series of twelve illustrated lessons in hat making and shows a fashionable afterthought from the very first stage to the finished article.

The Advantages of Hospitable Treatment.

In a majority of instances, and with very few exceptions indeed, it is far better to be treated in a hospital than at home for any trouble requiring the knife. To those who by actual personal experience or by observation of relatives and acquaintances who have been patients in a hospital, are convinced of the facilities existing there for healing the sick, no argument is needed to prove that the hospital is a place of luxury, convenience and comfort. The ordinary home cannot compare with it in a single particular. Margaret L. Sawyer, in the *Ladies Home Journal* for February

New Painter of Beautiful Women.
A new star has arisen among the illustrators of New York in the person of Thomas Mitchell Pierce. Mr. Pierce has a style so distinctly his own as to be "Christy's Gibson's and Waverley's" there. His pen is especially deft in the drawing of beautiful women, and in this he bids fair to rival the most worthy of his contemporaries. His services have been secured by the *Ladies Home Journal* for a period of years, and his finest work will be shown in that magazine.

The Healthy Way To Bathe.
Never use hot water. Make the bath short, cool and frequent. Determine by experiment whether you can stand cold water. If you feel invigorated it is beneficial; one may use tepid water, but never hot. One should bathe twice a day at least for more cleanliness, says Prof. Anthony Barker in an article on Home Physical Culture for women in the *February Delicé*. The morning bath may consist of squeezing a large sponge filled with cold water over the back of the neck while standing in a tub. Then rub vigorously with a coarse towel. After exercising another bath should be taken. However, do not neglect the exercise and go without bath than to bathe and not exercise.

Dear Sir:—I suffered ten years with severe kidney and bladder troubles and at times was unable to work. I was advised to try your Texas Wonder and after using one fourth of one bottle I passed a large gravel and I have never suffered since passing the same three years ago, and I have recommended it to many others who reported themselves cured. I most heartily recommend it to all sufferers from kidney or bladder troubles.

What Is the Marriageable Age?
In Germany a "man" in order to marry must be at least eighteen years of age.
In Portugal a boy of fourteen is considered marriageable and a woman of twelve.

In Greece the "man" must have seen at least fourteen summers and the "woman" twelve.
In France the "man" must be eighteen and the "woman" sixteen in Belgium the same ages.
In Spain the intended husband must have passed his fourteenth year and the woman her twelfth.
In Austria a "man" and a "woman" are supposed to be capable of conducting a home from the age of fourteen.

In Turkey any youth and maiden who can walk properly and understand the religious service are allowed to be united for life.

GREAT CHANGES.

The Negroes Of East Africa Now Use Plates, Knives Umbrellas, Etc.

Great changes have been made among the negroes of German East Africa. They now use plates, cups, glasses, spoons, knives, umbrellas and occasionally clocks; they call for soap and for kerosene. In their market places they are seen drinking tea with sugar at table. The woman have adopted European clothes and makes use of sewing machines, even in the interior districts. So at least the German Colonial newspapers report.

CAPTURED GARIBALDI.

A Veteran Of Many Battles Dead At 77.

Gen. Emilio Pallavicini, who commanded the expedition that wounded and captured Garibaldi at Aspromonte, is dead at the age of seventy-seven years. He served as a Lieutenant of Bersaglieri in the Crimea, fought at the battle of San Martino in 1859 and in the later wars for the liberation of Italy.

UNIVERSITY OF CALIFORNIA.

To Have the First Chinese College Fraternity in the World
The University of California, the first Chinese college in the world, is about to inaugurate the Phi Chi Chi Fraternity. The charter members of the new organization are the Chinese students of the University. They are now looking for a name for their society. So far they have suggested that it be called the "Oriental," but the members objected that such a name would apply equally to Filipinos and other foreigners at the university.
A fraternity chapter house has been purchased and they are domiciled therein.

The young Chinese men in this country under the supervision of Prof. John Fryer, Agassiz professor of Oriental languages in the University of California. They belong to high caste families, and their parents and guardians especially intrusted them to his care. Their coming was the direct result of a booklet describing the university, which Prof. Fryer last year wrote in Chinese, and which had a large circulation in China. He had a wide acquaintance among the prominent Chinese people, as he was for many years in the employ of the Chinese government. Since his appointment to the college professorship he has also been wont to spend his summer vacations in China, translating English scientific treatises into that language.

It was officials of the imperial government who had been to him, their plan of sending Chinese students to America is complete an education which had already been carefully looked after in their native land. They have come here to imbibe western ideas and they expect to return carrying to their people the principles of western civilization. In this way American systems of education and government will be introduced in the Orient. For this reason particularly the Chinese student colony and the founding of their fraternity is of special significance.

One of the young men, Mr. Chueh, began his college course last spring. He is a musician and a musician, which was one of the most notable functions of the term, he entertained the women of the "Town and Gown club." Another, who is a fine pianist, Mr. Ensaug, comes from the Honolulu high school and brings seven medals which he won there in athletics sports. Some of the others are professional students. Chan Chin Tao comes from the University of Tientsin, where he taught mathematics. Wu Tung Chao is a civil engineer. Hsueh Sung Ying and Wang Chung Hui are graduated law students. Wang Chung Yao is a mining engineer. Yin Chin Tung, Wu Kuei Ling and Chan Yu Chuan were students at Tientsin. It is past graduate work in which all of the young men are engaged.

The fraternity chapter house is a handsome building on Durant avenue, formerly owned by Mr. and Mrs. Archie Pierce. The first floor includes a reception room, parlor, library, dining room, kitchen and pantries. The upper part of the house is divided into bedrooms, neatly furnished and containing two beds apiece. All of the rooms are prettily decorated, and on the walls are numerous interesting Chinese photographs. One of these, which is pointed out with special pride to the new women of America, is that of a girl of 17, who is a niece of one of the men.

She is the first Chinese woman who ever made a public speech. It was at the time when the proposed Manchurian treaty with Russia was under discussion, and the people were greatly aroused over it. At a mass meeting held in Shanghai this girl accompanied her uncle. When the excited orator of the speakers she stood at him and the rest of the audience by suddenly leaving his side, and mounting the platform and making an eloquent speech. It was a great hit and evoked thunderous applause.

Lightning Supply.

The appropriation for the supplies of light bulbs for 1902 is \$475,000. The treasury department approves the recommendation of the board that \$502,886 be appropriated, to be expended for that purpose in the next fiscal year, this amount being based on careful calculation as to actual needs.

Postal Business' Rapid Growth.

The free delivery postal system is only 38 years old, having been inaugurated in 1863 under postmaster General Montgomery Blair, of Maryland, with 685 letter carriers, distributed among 45 of the principal cities, and 66 offices. There are now 866 offices and 16,389 carriers.

ANNOUNCEMENT

We are authorized to announce
MR. WEBB C. BELL,
of Christian County, as a candidate for Railroad
Commissioner in the First Railroad District of
Kentucky, subject to the action of the Demo-
cratic party. Election Nov. 1903.

philanthropist, may recover from
his illness which recently threaten-
ed his life.

The latest information, about
Miss Stowe is that the brigands now
have the ransom money and are
holding on to Miss Stowe.

Something of importance is in the
wind at Washington. The Presi-
dent and his confidential advisers
had a conference last Friday and
won't give out what it was about.

A great scenic display of the cot-
ton industries of the South is to be
made at the World's Fair in 1903.
The stages of the fibre from cotton
in the roll to the finished fabric will
be demonstrated.

Judge E. P. Taylor, of Owens-
boro, has announced himself as a
candidate for the Democratic nomi-
nation for Congress.

Robert Fitzsimmons and James J.
Jeffries have signed articles to meet
in a twenty-round glove contest be-
tween May 10 and 20 for the cham-
pionship of the world.

A message from London received

er was 90 miles off, was transmitted
by the Marconi wireless system.

Louisville has advanced, its date
on the calendar for the music Festi-
val this year. It begins April 21.
It bids fair to excel anything yet
given.

The Louisville Times says that
it was Ella Wheeler Wilcox who
wrote "Laugh and the world laughs
with you." There is room for be-
lieving that somebody else penned
the beautiful poem—and it was a
man.

The "dictator" of all weather bu-
reaus (the ground hog) has never
had an appropriation by Congress.
For the reason: probably that he
fleeth when no man pursueth and is
afraid of his own shadow.

The three most important meas-
ures pending before the Kentucky
Legislature, the bill permitting the
removal of the seat of government
from Frankfort, the bill providing
for the re-establishment of the sys-
tem of viva voce voting, and the bill
permitting cities to return to a
general system of license taxation
in place of the present system based
on property values, all require
constitutional amendments to be-
come operative. The constitution
cannot be amended except by re-
frendum vote of the people, and, as
not more than two amendments can
be submitted to the people in any
election, it is apparent that one of
these measures must be dropped in
order that the other two may be
carried into an effective issue.

THE CONFIRMATION OF DR.
RAY.

The Senate in executive session
Thursday, confirmed the nomi-
nation of Dr. W. W. Ray, of Springfield,
Ky., to be superintendent of the
Western Asylum. At the same time
the four recently appointed com-
missioners were also confirmed.
The KENTUCKIAN has already com-
mended Gov. Beckham for his ex-
cellent selection for commissioners.
As to Dr. Ray, we have never criti-
cised his appointment and we have
never opposed his confirmation in
any way. He came to the Asylum
a stranger, under very trying and
embarrassing circumstances, and
it is not surprising that he made
the mistake of assuming that he
could only with safety select his
personal friends from the adherents
of the small faction of politicians—
some with unenviable records—who
were trying to make the Asylum the
headquarters of a political machine.
To control all official patronage in
the county and city, and to make
warfare upon all Democrats who
are opposed to ring-rule and to
official corruption. But though Dr.
Ray, has been unfortunate in trying
to shoulder the burdens of the gang
he has been, so far as we
know, discreet in most of his
utterances and has, we believe, put
a stop to crime in the Asylum.
Our acquaintance with Dr. Ray is
of the most casual character, but his
impression upon us, as it has been
upon others, has been favorable and
we believe with the handicaps re-
moved from his administration, his
good judgement would soon lead
him to come to a better understand-
ing with the members of his board,
and harmony and success would
characterize the remainder of the
term. We congratulate the Doctor that
the Senate has taken favorable ac-
tion in his case.

THE SENATE DID IT.

The renominations of Dr. W. A.
Lackey, Dr. J. W. Stephens and Mr.
Buckner Leavell, to be officials of
the Western Asylum, were hung up
in the executive session of the Sen-
ate Thursday, for a time and
finally confirmed after a fight. As
the proceedings occurred behind
closed doors, it is not possible to
give the details. The correspond-
ent of one of the Louisville papers,
that has industriously endeavored
to shield the accused officials, says
the "Republicans objected," and
carefully withheld the charges up-
on which objections were made, but
which are of course well known to
the public.

As there are only 13 Republicans
in the Senate to 25 Democrats,
the minority must have developed
more than ordinary influence, if the
exceedingly friendly statement
above referred to is to be taken as
correct. It seems incredible almost
that a Governor, acting under a
solemn oath, should send to the
Senate the names of men whose con-
firmation would raise a state issue
of moral fitness in officials, with the
Democratic party placed on the de-
fensive. It seems equally incredi-
ble that the wise, clear and argu-
mentary party leaders in the Sen-
ate would think for a moment of
handicapping their party by con-
firming such men, even to gratify a
short-sighted Governor.

Gov. Beckham was elected by a
majority plurality of 3,500 votes. A
change of one vote in each precinct
could have defeated him. This at
a time when the Republican party
was on trial at the bar of public
opinion for the Guelch assassina-
tion. The Senate has blundered.
Bad management gave the
Republicans the opportunity to
first take the moral side of the
question raised and force every
Democratic Senator was forced to
go on record as favoring or
opposing gambling in the elemen-
ary institutions of the state, where

are enrolled as patients the wives,
mothers and sisters of many of the
best people of the State. The Demo-
crats should have pursued the
right course and promptly rejected
the nominations. But after the
Republicans raised the question,
they should have been met by every
Democrat in the Senate who is a
law-abiding citizen himself, who
prides himself on his good name,
who fears God and values the sanc-
tity of an oath, and thus let the
Senate settle the question not upon
party lines but upon the broader
and deeper principle of good gov-
ernment.

The Governor would in all prob-
ability have reapportioned his friends
at the adjournment of the Senate,
but the responsibility would then
not have been upon the Democratic
party, but upon one man.

The following solution of "the
race problem" should be read by
every colored man in the South.
The one who uttered these words is
a colored preacher and lives in
Topeka, Kansas.

"The trouble with the colored
race is that it tries to push itself
into intimate association with the
whites. I believe in the negro tak-
ing a lower seat until he is ready
to go higher. No man of self-respect
will push himself where he is not
wanted. I'll tell you that the
white race is made of the right kind
of stuff when it thinks more of its
own than of somebody else's. The
white race is magnanimous, not-
withstanding its prejudice. I be-
lieve to-day that it is the right arm
of God Almighty. God is raising it
up for the good of humanity, just
as he did the Jews and the Greeks.
God knew what he was doing when
he made the black man and the
white man, and we are trying by
some hook or crook to change the
things which God has already
fixed."

The capital removal question
bids fair to consume its usual time
in the Legislature. The Frankfort
people have taken a poll and say
that the bill will not receive a ma-
jority of the vote, when three-fifths
is necessary.

D. M. Parry, of Indiana, has
been named as the running mate
with Roosevelt in 1904. If a man
is to be chosen from Indiana, why
not take Taylor? He has had con-
siderable experience in the business
in the past two years.

The Senate has concurred in the
House amendments to the bill to
pay Confederate soldiers for prop-
erty taken from them after the sur-
render at Appomattox. The limit
to the claims is \$50,000.

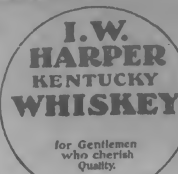

The Postoffice appropriation bill
has been actually completed by
the House Committee on Postoffice
and Post Roads, and will be report-
ed in a few days. It carries with it
an increase of nearly fifteen million
dollars over the current appropri-
ation. The largest item is forty two
million dollars for railroad trans-
portation of mails.

The rural free delivery service
gets an increase of \$1,250,000,
making the total \$7,529,000 and pro-
vision is made to place the rural
carriers under a contract system,
instead of salaries as at present.

Thousands Have Kidney Trouble
and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your
water and let it stand twenty-four hours; a
sediment or settling indicates an
unhealthy condition of the kid-
neys; if it stains your linen it is
evidently very bad; too frequent desire to
pass water or pain in the back is also
convincing proof that the kidneys are dis-
ordered.

What To Do.
There is comfort in the knowledge so
often expressed, that Dr. Kilmor's Swamp
Root, the great kidney remedy, fulfills every
wish in curing rheumatism, pain in the
back, kidney, liver, bladder and every part
of the urinary passage. It corrects inability
to hold water and scalding pain in passing
it or bad effects following use of liquor,
wine or beer, and overcomes that unpleasant
necessity of being compelled to go often
during the day, and to get up many times
during the night. The mild and the extra-
ordinary effect of Swamp-Root is soon
realized. It stands the highest for its won-
derful cures of the most distressing cases.

HEART DISEASE

Suddenly Ends the Life of Promi-
nent Guthrie Merchant.

Mr. Solomon Levy, a prominent
merchant of Guthrie, died suddenly
Saturday morning, aged about 65
years. Mr. Levy had been con-
fined to his room with a cold for
several days, but had not been se-
riously ill. Death was due, it is
thought, to heart disease. He had
been in business in Guthrie for
about 25 years and was a man of
considerable means.

He was a member of the Demo-
cratic committee of Todd county,
and a Civil war veteran, having
served in the Confederate army.

He is survived by a widow and
six children—four daughters and
two sons. Mr. M. L. Levy, one of
his sons, is engaged in the grocery
business at Pembroke.

DEFECTIVE FLUE

Causes \$3,000 Fire a Few Miles
West of the City.

The dwelling house of Mr. Geo.
Wilson, who lives about seven miles
west of the city, was destroyed by
fire at an early hour last Saturday
morning, together with its entire
contents. The flames originated
from a flue of the cook room, while
breakfast was being prepared, and
the building was soon reduced to
ashes. Mr. Wilson's residence was
known as the old Bostic place. His
loss is probably \$2,000. There was
\$1,000 insurance on building and
\$500 on contents.

R. R. CLUB HOUSE

President Burt, of the Union Pa-
cific, state that the company will
build a three-story clubhouse for
its employees. The building will
cost about \$60,000, and will be
fitted with reading and club rooms
and a gymnasium. Work on it will
be commenced in the summer.

S. K. C. NOTES.

A valentine party given by the S. K. C. girls on Saturday night was indeed a grand success. The reception rooms bedecked with comic valentines and designs in hearts made gay and cheerful the appearance. The girls themselves dressed in dainty gowns adorned with strings of golden beads, with smiling faces bid all welcome.

The guests consisted of girls from Bethel college and the S. K. C. boys. The rooms were filled to overflowing with delighted visitors, and joyous laughter. "The more the merrier" seemed to be the motto, and indeed it seemed so.

After chatting for some time the guests were invited to take refreshments, and here is where language fails to describe the beautiful and artistic decorations, and unexcelled ice cream and cake. Tongue cannot tell how that ice cream and cake tasted, it can only taste.

The table overspread by a snowy white cloth and decorated in green showed the work of artistic hands. Here and there were set huge bunches of crimson carnations which emitted sweet perfume. Refreshments, consisting of ice cream and cake, were served in a truly attractive way, the cream being served on thin china plate and surrounded by a candied heart. On one side of this was delicious cake, on the other a carnation of deepest red.

At a late hour the many guests bid farewell and turned their faces homeward, complaining of the shortness of the time, and praising the delightful entertainers.

Many of our boys attended a delightful party given by the Misses Braisher on Friday night. Though the deep snow kept many of the invited away, yet the majority were in attendance to enjoy the pleasant evening.

Dainty refreshments were served which of course were welcomed by all present. We dare say it is hard to find more successful entertainers than our hostesses.

Mr. Claud Sisk, of White Plains, Ky., is the latest arrival.

Valentines were read in the college chapel Friday night. Many were present although some feared to attend. All present had a good time laughing at the other fellow's expense, and a busy time consoling himself.

The meeting of the Y. M. C. A. was postponed on account of the Pentecost meeting.

The literary society gave way to the valentine party Saturday night. "Who sent it to me?" is the popular question of the ridiculed valentine recipients.

For once the boys have got enough coaxing. No one seems to care to ride over the present snow.

The Misses Prewitt enjoyed a visit from their father this week.

The start for Paducah will be made on Friday next.

Donald Carney was awarded the medal in competitive drill Friday evening. On account Paducah trip the next drill will be held Thursday at 2:30. All are invited to attend.

Mr. E. O. Excell, who led the singing for the Pentecost meetings, favored us by his presence Thursday morning. He led several songs and sang for us several tunes. Mr. Cancey, of Nashville, who accompanied him, also sang a beautiful solo. We cannot add anything to the excellency of the gentleman's singing.

PROLIFIC FAMILY.

Fifty-Seven Sets of Twins, or 114 Children.

Mrs. Susannah Pennock, twenty-one years old, a patient in the New York City Hospital, has just given birth to her third set of twins. Mrs. Pennock's mother gave birth to six sets of twins and bore twenty-four children altogether. One of Mrs. Pennock's sisters has borne five pairs of twins and another sister four pairs. Thirteen more of her mother's children, Mrs. Pennock says, had three sets of twins each, or a total of thirty nine, making fifty-seven sets of twins, or 114 children in all. Mrs. Pennock was born in Sweden.

Mrs. J. C. Buckner and little son, Gordon, have gone to Denver, Colo., to spend some time.

Miss Cornelia Davis, of Howell, is the charming guest of Dr. M. W. Williams' family on South Virginia Street.

Mr. Jarred Boyd, formerly with Forbes & Bro., has accepted a position with the Ames Buys Co., at Owensboro, and went to that place yesterday.

Mme. Fleurette Levy, who had been in the millinery business here for several years, but sold out two weeks ago to Mrs. Lizzie Keegan, left Saturday for Nashville, where she will reside.

Mr. H. M. Frankel has gone to New York City, where he will spend some time selecting spring goods. He will also purchase in Baltimore and Philadelphia some lines handled by the Frankels.

Miss Mabel Wade, of Elkton, who spent last week with relatives and friends in the city, left Saturday for Fairview and will remain for some time at Mr. M. R. Tandy's, near that place.

Rev. J. M. Gordon, of Hopkinsville, has been temporarily engaged to preach at the Christian church in this city following Rev. J. L. Hill's departure and will preach two Sundays in each month—Hustler.

Miss Annie Huggins has returned from a visit to relatives at Carlisle and Bear Spring, Tenn. She was accompanied home by Mrs. Lee Ralls, of Bear Spring, who is now the guest of the family of Mr. R. H. Huggins, on South Main.

Barnum's Monkeys

"All well—all happy—lots of fun." That is the regular report from the monkey cage of Barnum's Circus ever since the keepers began dosing the monkeys with Scott's Emulsion. Consumption was carrying off two thirds of them every year and the circus had to buy new ones.

One day a keeper accidentally broke a bottle of Scott's Emulsion near the monkey cage and the monkeys eagerly lapped it up from the floor. This suggested the idea that it might do them good. Since then the monkeys have received regular doses and the keepers report very few deaths from consumption. Of course it's cheaper to buy Scott's Emulsion than new monkeys—and that suits the circus men.

Consumption in monkeys and in man is the same disease. If you have it or are threatened with it can you take the hint?

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample.

BETHEL COLLEGE NOTES.

Miss Drake chaperoned a number of our girls to the Art Exhibit at Hotel Latham, Wednesday afternoon.

There was a full attendance at prayer meeting Wednesday evening.

Prof. Harrison excused the girls from Study Hall Thursday evening, that they might attend the last of the services at the Tabernacle. Original work was done in most of the classes next day.

The Chorus Club met as usual in the Reading Room on Monday afternoon. This class is meeting twice a week now in order that they may present Zaida to the public early in March. We hope in giving this play to raise sufficient means to remodel our chapel.

Misses Mary and Lucy White returned yesterday from a visit to their home in Cadiz.

Miss Jessie Garrett, of Pembroke, spent Saturday and Sunday with her parents.

Miss Katherine Jones was with her cousin, Miss Mary Jones, Saturday.

On Friday morning Prof. Harrison received an invitation from South Kentucky for his girls to meet St. Valentine in the parlors of S. K. C. on Saturday evening.

When Saturday dawned it looked as if the weather had decided against us; but this seemed trivial when we thought of the pleasure in store for us. At last the happy suggestion that we go in wagons brightened all faces.

Upon the arrival of the hour for our departure all was excitement and in a few minutes we received a hearty greeting at the doors of our sister college.

We found that St. Valentine was indeed remembered within these walls, and every where there were hearts in abundance—here and there two that beat as one.

After spending two hours in the parlors we were ushered into the dining reception hall. Even here the idea of hearts prevailed. In the table decorations the good saint had displayed great art. The delicate refreshments were served from sweet hearts, and for each guest there was provided a beautiful carnation.

The evening on the whole was novel and romantic, and we feel indebted to S. K. C. and St. Valentine for the most enjoyable evening.

MINUTES OF THE KALOEZIC SOCIETY.

In the absence of the President, the Kaloezic Society was called to order Friday afternoon by Miss Gaines, Vice President. Each member had been requested to bring an original valentine. These were placed in a basket and each one, in responding to her name, drew a valentine. After the reading the minutes of the last meeting the various committees made their reports. It was found that all had faithfully discharged their duties. The corresponding secretary was authorized to order the magazines which the society had decided upon. The presiding officer, finding that there was no new business to be discussed, called for programme which was as follows:

History of St. Valentine. Polly Graves
Chopin's Deax Polonaise. Mary Wright
Origin of St. Valentine's Day. Mable Hille
Liszt's Rhapsodie Hongroise. Miss Edades
A Valentine Story. Patty Bartley
The Critic then reported, and the Society was immediately adjourned.

GHOST STORY.

Phantom Dog Seen by Citizens Near Adams Station.

The following ghost story is reported from Adams, Tenn., a few miles South of Guthrie:

As Dave Woodruff, Emily Edwards, Will Murphy and Undertaker Ayers were going through Pride's woods, about a mile from town Tuesday night, they report that they saw a large phantom dog cross the road and wallow a time or two and then disappear. Several of the oldest and most truthful citizens of Adams have seen the apparition several times. About ten years ago a child died in a house in that wood and was buried near where the road now is and was dug up by the dogs.

HOPKINSVILLE STAFF

Royally Entertained at Henderson Banquet Saturday Night.

The third annual banquet of the Metropolitan Life Insurance Company to Henderson district staff was given in that city Saturday night and proved a most enjoyable and superb affair. Messrs. W. J. Saunders, Assistant Superintendent; E. A. Roper, R. E. Williamson, W. W. Rossington, J. Wolfe, D. Girod and R. Wolfe, representing the Hopkinsville staff, were present.

Hoyt's "A Day And A Night."

With the utmost attention to detail, this great success of a successful author is scheduled to be with us tomorrow evening. The cast this season is composed of actors and actresses of known ability—absolutely not a stick among 'em. This is a refreshing innovation when we consider that most farce comedy companies traveling nowadays, as well as dramatic organizations and opera companies carry some dead wood who make up in number what they lack in talent.

Hoyt's "A Day And A Night" company has for its members the pick of a crowded profession. The ladies are beautiful, graceful, talented. The men are dashing, brainy and attractive. The tout en semble results in a perfect performance. No detail has been forgotten from the carpet to the pen wiper.

Of the play itself, it may be superfluous to speak because it is so well known; and besides, like the reading of a book one is told much about it does not care to read it, no matter how interesting it may be, or how clever its author's reputation. Let it suffice that "A Day And A Night" abounds with the very funny entanglements of a country deacon who visits New York for the purpose of getting some singers for a village choir. There are novel specialties and all the songs and music are up to date. There are delicate surprises in store for the patrons of this play which will be at Holland's Opera House Wednesday night, February 19th.

RAPID RISE

Confidently Expected of Allan D. Wallis, in the Insurance Field.

Mr. Allan D. Wallis, who left this city a few weeks ago for Baltimore, is now established in his new position as instructor of agents for Maryland, for the New York Life Insurance Co. His headquarters will be at Baltimore, with his brother, Mr. Frederick A. Wallis, who is now one of the most prominent insurance men in the East. He starts in with a large salary and prospects for rapid advancement. It is not improbable that he may be transferred to the position of agency director at some other point without much delay, as men of his high character and superior qualifications are always in active demand in the insurance business. Though comparatively new to this business, he has been since boyhood a successful business man and has for several years ranked with the most promising young business men in his native city. He possesses remarkable energy, intelligence of an unusually high order, and above all his rare "mixing qualities" quickly turn strangers into friends, and create a most favorable and lasting impression upon all with whom he is brought in contact. He has already made his mark during the few weeks that he has been engaged in his new work.

His older brother, Fred, is one of the most successful young men of his age Hopkinsville has ever turned out and not a year passes that he does not reflect added honors upon his native city. Allan will follow closely in his footsteps—for the same stuff is in them both—and the people of Hopkinsville will note with pride the rapid rise they are sure he will make in his new profession.

LABOR LEADER

Makes A Rich STRIKE—Edwin Boyce Becomes a Millionaire By The Discovery Of Gold.

Spokane, Wash., Feb. 14.—Edwin Boyce, head of the Western Federation of Miners and leader in the recent strikes in Northern Idaho has become a wealthy man through a rich find recently made in a mine in which he and his wife are interested. Some of the wealthiest mining men in the West are said to have offered a million and a half for the property, but the owners refused to part with it. Members of the miner's union are said to be greatly interested in knowing whether Boyce will remain at the head of the order or retire with his new-found wealth.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

"Finnigan's Ball."

Theatregoers have a treat in store for them as Manager Holland has succeeded in securing Messrs. Morgan and Murphy in that popular comedy "Finnigan's Ball," which has been one of the most wholesome successes of the present season, a comedy with more original ideas, new songs, pretty faces, clever comedians and genuine comedy than all other farces offered. The cast embraces the names of comedy players that are familiar to all patrons of the local theatres. Special scenery, electrical and mechanical effects are carried intact for each act, which ensures a perfect performance. "Finnigan's Ball" should be liberally patronized, as it comes to us with the very highest endorsements as being absolutely first-class in every particular. At the Opera House, Friday night, February 21.

Fatal Shooting at Richmond.

Richmond, Ky., Feb. 14.—In a fight on the street Shelton Chambers was fatally shot and Leslie Estill was seriously wounded. The two men had a difficulty previously, but were separated. Two years ago Chambers stabbed a negro to death in the same locality where he was shot.

1902

Twenty-three Years.

In view of the fact that the KENTUCKIAN has wound up its 23rd year of success, it is not out of place to say a word to its friends. The KENTUCKIAN has long since become a fixture of Hopkinsville.

All Newspaper Records in the City Have Been Broken by it.

No other paper ever published in Hopkinsville can point to a record of more than 20 years, with each year's business better than the one before. How many papers in that time have tried to run in Hopkinsville and fallen by the wayside? How many have failed to reach the goal?

An ocean cable 10,000 miles long would not serve the purpose for which it was designed if it fell short within twenty feet of the receiving-instrument.

It isn't the first end that counts. It's the last end. The start is nothing. Every contestant starts in a race, but how many finish? Almost any horse can begin in a race. Wish a few trials, ever an old plug may get away from the wire all right, but it's the coming under the wire for the last time that counts, it's being in the race to the finish that is alone valuable.

A great many things in this world are made to begin well enough, but they fall short.

The KENTUCKIAN as an advertising medium has never fallen short. As a news medium, occupying a field of its own choosing, it has for 20 years stood squarely upon its merits and succeeded.

WHERE OTHERS FAILED.

Advertisers should bear this in mind. Money spent for Newspaper Advertising is an investment. It is not how much the advertising costs, but how large will be the returns. The mission of Newspaper Advertising is to Sell Goods. When the careful merchant has decided the important question as to the right medium, then, by attractive display advertising in that medium, he will inevitably increase sales. This result follows as surely as day follows night. The

Kentuckian

is the medium that pays, because it reaches the people. It has among its patrons advertisers who have been with it without a break for 12 to 15 years. It numbers the very best class of advertisers in their respective lines of business.

If you are not already a customer of ours, we want to make you one, and your advertising ONE OF OUR SPECIALTIES.

Newspaper advertising has become an indispensable adjunct to business. You need the advertising, we have the space to sell. Come less do business with each other.

And to the reading public, remember we cover the entire news field twice a week for only \$2 a year. At least one half of the news we give is in advance of other publications, because our facilities for gathering out-of-town news are equalled by none. If your time is out renew promptly. If you have never taken the KENTUCKIAN, try it for 1902.

Ghas. M. Meacham.

ENGLISH WELLS IN RAGS.

Sports Wear Good, Wear Clothes Bad to Appear Old.

It is a sad fact that many things but shabby when they are out in showing kites—that is, if you are a "smart" person—that only the most ignorant of newly-rich people are so. If you see a man in Norfolk jacket and gaiters that look anything less than three years old, you can put him down as a poor imitation of a sportsman, says London Answers.

When the tailor shows his customer the stuff—if he is the right man—it already looks limp and rough as possible, with hairs and ends sticking out here and there, for it has been carefully manufactured for that end, and fetches a big price. But that isn't enough. When you've got the suit home, your man—who must be about your own size, or he is no good—must wear them for at least a week, and, after taking them off, hang them about—in a hayloft for choice. It looks dreadfully bad to wear new shooting things, as though you "weren't used to it," and had just bought your first outfit for sport. Some gilded youths hand their new "Norfolk" over to their grooms and stable boys to "take the edge off" a bit. A true "swell" will only wear a Norfolk jacket that, though beautifully cut, and fitting well, is thoroughly shabby, and probably frayed on the shoulders and at the sleeves.

Your top-hat, for hunting, must be shabby of the highest quality; but it must have at least one or two "cracks" in it, as though you had fallen on it. Some of the Midland hat-makers will offer cut the London hat-makers for looking "topper"—are even asked to break the hat-slightly, and block them out again. A good hunting topper costs £2 2 shillings; but only old men, or "out-ciders," wear hats that look as though "got up" for Piccadilly. Again, a "howler" in the country should have an ugly scar on the brim, as though a riding-cord button had been there, and been torn away. Any good valet will make the right mark on a hat of this kind.

Gaiters and leggings are worse than useless as the maker turns them out; they must be well stained and darkened, and almost worn thin on the inner sides. At the same time, they have to be of the current fashionable cut, last year's seldom being up to date. And, as only a few men ride so much as to "color" their gaiters well and early every season, a trained servant has to stain the gaiters well, and rub them with a leathern iron in the places where the friction against the saddle is most apt to wear them.

Again, many "swell" riders require their grooms and stable boys to give the gaiters a thorough good wearing before the winter season begins. Top-boots for the "shires," too, must be well worn on the inner sides of the tops, though of the current year's make, and this is generally managed by a vigorous rubbing with a leathern hammer, followed by a working with harness competition.

As for ties, white stocks, which are the favorite cavaliers, ought to be well thinned out, and broad thin, if the wearer is a careful dresser, and to obtain this they must be sent to a tailor, second-rate laundry several times before they are worn at all. Then a "French dresser" will give them the right degree of whiteness, and they will have the appearance of having been "country washed" after being ostensibly worn many times at the covert and in the hunting field.

Waistcoats should be spotless and neat, as they are kept covered up, but the third buttonhole and its button should be pulled about and badly frayed, as it is from this buttonhole that the cartridge extricator hangs. Ship shoes are mostly carried on in wild districts, and in rainy weather, over wet ground, the best French shoes will stain, and the extricator for pulling them out is hung hastily from the third waistcoat button by a piece of flexible wire. This spot has got to be badly frayed, and if the waistcoat owner likes to be considered a snip—what a great accomplishment—his tailor or his man must treat this button and buttonhole in such a way as to make it look worn and disreputable as possible.

Increase in Money Orders.

The transactions of the money order business during five years have increased from \$188,071,036.27 to the enormous sum of \$394,618,680.99, or 56 per cent. So, too, in every other branch and division of the service there have been constant and unusual advances.

Easy to Pay.

The average man finds it much easier to pay compliments than debts. Chicago Daily News.

LOCAL LEAFLETS.

The town clock is again in running order.

This has been a hard winter on the poor.

Next Monday, Feb. 24th, is Circuit Court day.

The telephone company still has all it can do repairing broken lines.

You had better be sparing in the use of the fruit you canned last summer.

A large number of mules were sold here last week and brought good prices.

Farmers think wheat has been greatly damaged by continued freezing.

Money is a little more plentiful since the planters have been able to market their tobacco.

The sportsmen have not much prospect for gunning this year, as most of the birds have been frozen.

The Hopkinsville contingent at the Y. M. C. A. convention at Paducah bids fair to be pretty large.

It is to be regretted that the English sparrow is proof against being frozen to death or starved out.

Some people insist that the imitable Sam Jones is the only man that can "shake the town up." There is certainly room for a good shaking.

Why not get up an art exhibit for the benefit of the public schools, the exhibit to consist of contribution by our people? Some oil and fine works could be obtained.

Mr. Thos. Rogers has gone to Mt. Pleasant, Tenn., where he will reside.

RESULTED FATALLY.

Mrs. Mary Wilson Dies From Injuries Sustained By Fall.

Mrs. Mary P. Wilson, of Cadiz, died as a result of injuries sustained by falling from a porch. She was 58 years old, a member of the Cumberland Presbyterian church, and a lady much esteemed by all who knew her.

MOLASSES AND COFFEE!

GRACEY GLEANINGS.

Stock Dying With "Blind Staggers"—Other News Items.

Gracey, Feb. 17.—Miss Lillie Watson went to Bennetts town yesterday to visit Miss Queenie Moss.

Mrs. Gertie Culom has gone to the Bennetts town neighborhood to spend a few days.

Judge H. C. McGhee will go to Evansville to-morrow on business.

On account of the continued bad weather nothing is being done toward the completion of the Cadiz railroad. Trains are now making the usual daily round trips between this point and Hecleidy's.

Several farmers have lost horses and mules with "blind staggers" in the past few days and many more are sick with the disease.

Mr. Noble Manson, of the Luckett-Wake Tobacco Company, is sick with the grip.

Smoothering That Will do You Good

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. Its prompt use we have no doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their houses as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

TRIGG COUNTY NEWS.

Commissioner Kelly Re-appointed—Three Damage Suits Tried.

The Cadiz Record, in reporting Circuit Court news, says:

The suit of Marsh Faulkner against Fields Hopson for \$5,000 damages was compromised for \$250 and all costs.

The suit of Ben Weathers, col., against Howard Dillard, ex-marshall, of Gracey, for false arrest, resulted in a verdict for the plaintiff of \$5.

Lee Jackson received a verdict against Clarence Wilson for \$40 damages for slander.

John W. Kelly was re-appointed Master Commissioner by Judge Cook, his term of four years having expired.

Horses and Mules.

I will be at C. H. Layne's stable in Hopkinsville, Ky., Saturday, March 1, 1902, for the purpose of buying two carloads of fat horses and mules. Will buy all ages, but they must be fat. Get your stock ready for market and bring them in and get the cash for them.

Was founded March 5, 1901, and has been in progress ever since and with the greatest results and encouragement. We have a large enrollment and have secured positions for every one of our graduates, without a single exception, and many of them are holding some of the most responsible positions, with salaries ranging from \$35 to \$125 a month. No better school anywhere.

We have four of the very best teachers of experience, who are graduates of the very best colleges in the South.

You can get no better, no more thorough courses anywhere. We are working for our reputation, hence it is to our advantage to thoroughly prepare our students and place them in good positions.

We are connected with three Employment Agencies in other cities and are having many more calls for book-keepers and stenographers every week than we can possibly supply. All you have to do is to take a thorough course with us, and the consequences will take care of themselves.

Our tuition is lower than anywhere else. We have a good boarding house to take all our students at \$3 to \$10 a month. This school is permanent. Write for Catalogue.
